

BH Fitness

LIGHT COMMERCIAL RANGE

LIGHT COMMERCIAL USE

The LCU range is made up of a series of machines developed with the highest technological level that makes them simple to use and professional in performance. Specially designed and suitable for:

- **REHABILITATION CENTRES:** wide range of possibilities for each type of user. Injury recovery, maintenance, etc...
- **HOTELS:** Value and prestige for your business.
- **NEIGHBOURHOOD COMMUNITIES:** Revalue your neighbourhood community by optimising quality/cost. Club quality at home.
- **RESIDENCES:** For rehabilitation or simply to keep fit in a comfortable way.
- **SMALL GYMS:** Transform the space into an experience for your users.
- **AESTHETIC CENTRES:** Fitness as an ideal complement to aesthetic treatments. Look good-Feel good.

LCU WARRANTY

8 years of warranty on structure

2 years of warranty for domestic use

1 one year warranty for semi-professional use (neighbourhood communities, beauty salons and small hotel gyms).

6 months guarantee for public use in gyms, civic centres and rehabilitation centres

INTERIOR DESIGN, LAYOUT, 3D RENDERING...

Our design team accompanies our clients throughout the project development process.

From 2D layouts to correctly calculate the number of machines, traffic flows within the hall or access to branding consultancy to improve membership recruitment and retention.

YOUR EQUIPMENT ALWAYS READY

Within the comprehensive support that BH Fitness provides to its clients in each project, financial advice is one of the main pillars and a differentiating advantage of our proposal.

We currently have different financing options that apply to the entire range of products (cardio-vascular, bodybuilding, functional and group classes).

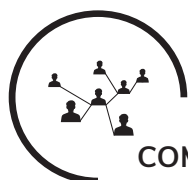

AFTERSALES SERVICE

We solve any technical problem very quickly thanks to our reactive after-sales service, the availability of more than 20,000 spare parts and a network of qualified BH FITNESS technical services throughout the world.

PROXIMITY

At BH Fitness we believe that proximity and human relationships are key factors in developing a lasting relationship with our brand. Our customers are our best ambassadors: more than 90% of our customers repeat their purchases with our brand.

COMMERCIAL NETWORK

Our sales team advises customers throughout the entire equipment purchasing process, from site studies to the opening of centres. The experience and professionalism of our team will be of great help to you.

MARKETING

Your success is our success. That's why we provide you with all kinds of tools to build loyalty and attract new customers with a different and innovative value proposition.

A HOME FITNESS EXPERIENCE THAT GOES FAR BEYOND

Training and entertainment, all in one, on touch screens up to 16 inches.

MULTIMEDIA CONSOLE

Developed by BH Fitness, they combine the best of the two dominant technologies in the market.

- Bluetooth FTMS for connection to training apps like Zwift or Kinomap.
- The best solutions for entertainment and digital content. Apps such as Spotify, Netflix, YouTube, and more come pre-installed on the equipment.
- Integrated speakers with the option of wired or Bluetooth playback. Use your machine to play music from your smartphone.
- 5 user profiles that allow up to 5 people to use the machine independently.
- Connect your wireless headphones to the machine and immerse yourself in your workout.
- Built-in system for updating pre-installed apps and machine software updates.

Entertainment without limits

Immerse yourself in the entertainment and digital content experience during your workout with the integration of the most popular applications. Enjoy platforms such as YouTube, Netflix, Disney+, Prime Video, and Spotify, among others, directly from your equipment.

Compatible with training apps.

The Multimedia Monitor includes Bluetooth FTMS. This technology enables users to train with apps like Zwift or Kinomap, allowing the app to interact with the equipment, adjusting incline or resistance depending on the type of equipment.

Weareables

Connect wireless headphones or pulse bands via Bluetooth. Chest straps can also be connected via radio frequency.

Create an account: If the user wants to maintain a workout history or if the machine will be used by more than 5 users, there is the possibility to create independent accounts with data storage in the cloud.

Users can easily mirror the screen of their smartphone or tablet when connected to the same Wi-Fi network. This feature is compatible with both Android and iOS devices, providing flexibility and convenience to make the most of your training experience.

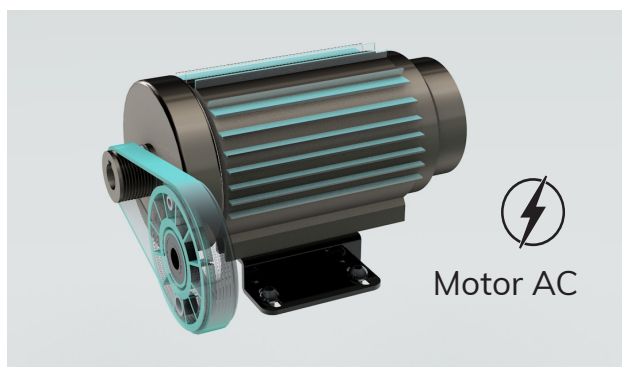

RS Line

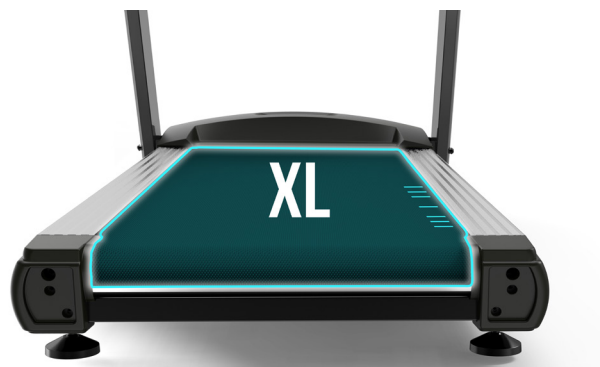

PERFORMANCE AND DURABILITY

Enter the new era of fitness with the RS Line. Large running surfaces, powerful motors and an aggressive new design are the essence of these new models.

Combined with new multimedia software and the best connectivity options, these treadmills are in a class of their own.

They are powered by a powerful AC motor that ensures performance, efficiency and durability.

Its wide running surface guarantees comfort and safety for the most demanding workouts. In addition, it includes a special band that minimises the impact of the tread on the user's joints.

RS2000 [G6514TFT/G6514]

Multimedia console [G6514TFT]

LED console [G6514]

Max. user weight: 180 Kg

Power: AC 4,0 HP

Speed: 1-25 Km/h

Incline: 15% / -3%

Running surface: 163x60 cm

Dimensions: 210x94x160 cm

RS1200 [G6512TFT/G6512]

Multimedia console [G6512TFT]

LED console [G6512]

Max. user weight: 150 Kg

Power: AC 3,5 HP

Speed: 1-22 Km/h

Incline: 15%

Running surface: 155x55 cm

Dimensions: 197x92x159 cm

RS1000 [G6179TFT/G6179]

Multimedia console [G6179TFT]

LED console [G6179]

Max. user weight: 150 Kg

Power: AC 3,5 HP

Speed: 1-22 Km/h

Incline: 15%

Running surface: 150x55 cm

Dimensions: 200x92x159 cm

RCM PRO [G6515BTFT/G6515B]

Multimedia console [G6515BTFT]

LED console [G6515B]

Max. user weight: 180 Kg

Power: AC 3,5 HP

Velocidad: 0,8-22 Km/h

Incline: 15%

Running surface: 155x55 cm

Dimensions: 185x82x154 cm

LX90 [G6513TFT/G6513]

Multimedia console [G6513TFT]

LED console [G6513]

Max. user weight: 150 Kg

Power: AC 3,5 HP

Velocidad: 1-22 Km/h

Incline: 15%

Running surface: 154x55 cm

Dimensions: 191x87x153 cm

FDC20 STUDIO [G868BTFTM/G868BI]

Multimedia console [G868BTFT]

LCD console [G868BI]

Max. user weight: 150 Kg

Stride: 51 cm

Inertial system: Eq. to 35 Kg

Weight: 86 Kg

Dimensions: 185x70x170 cm

KHRONOS GENERATOR [G260B]

Self-generated console [G260B]

Max. user weight: 150 Kg

Stride: 51 cm

Inertial system: Eq. a 35 Kg

Weight: 74 Kg

Dimensions: 210x64x170 cm

SUPER KHRONOS [G2488TFT/G2488]

Multimedia console [G2488TFT]

LCD console [G2488]

Max. user weight: 150 Kg

Stride: 51 cm

Inertial system: Eq. a 35 Kg

Weight: 74 Kg

Dimensions: 210x64x170 cm

XTB [H865TFT16/H865TFT/H865]

Multimedia console[H865TFT]

LCD console [H865]

Multimedia 16" [H865TFT16]

Max. user weight: 130 Kg

Flywheel: Eq. to 6.5 Kg

Weight: 56.5 Kg

Dimensions: 130x61x150 cm

XTR [H655TFT16/H655TFT/H655]

Multimedia console [H655TFT]

LCD console [H655]

Multimedia 16" [H655TFT16]

Max. user weight: 130 Kg

Flywheel: Eq. a 6.5 Kg

Weight: 68.6 Kg

Dimensions: 170x61,6x130 cm

Monitor LCD [H936R]

Max. user weight: 150 Kg

Q-Factor: 152mm

Resistance system: EMS

Weight: 48.6 Kg

Dimensions: 144x61x136 cm

DUKE MAGNETIC [H925R]

FcU
FullCommercialUse

Monitor LCD [H925R]

Peso máx. usuario: 150 Kg

Volante de inercia: 20 Kg

Sistema de resistencia: Magnético

Peso: 53 Kg

Dimensiones: 104x63x117 cm

STRATOS [H9178B]

Monitor LCD [H9178B]

Max. user weight: 130 Kg

Flywheel: 22 Kg

Resistance system: Friction

Weight: 55,6 Kg

Dimensions: 128x57x131 cm

KINGSTON [R385]

LCD console [R385]

Max. user weight: 140 Kg

Weight: 26 Kg

Brake system: Air

Dimensions: 244x51x114 cm

CARDIFF [R370]

Monitor LCD [R370]

Max. user weight: 125 Kg

Weight: 38.5 Kg

Brake system: Water

Dimensions: 205x56x97 cm

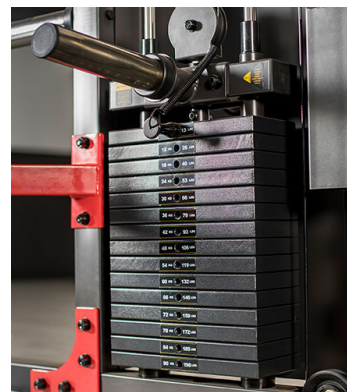

STRENGTH

POWER SMITH with plates [G145]

2x90 Kg weight stacks included in this model.

*Plates not included

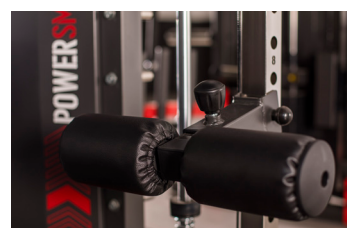

Max. load: 2x90 Kg

Max. load (bar): 150 Kg

Weight: 411 Kg

Dimensions: 160x210x220 cm

POWER SMITH [G140]

*Plates not included

Max. load: 2x90 Kg

Max. load (bar): 150 Kg

Weight: 231 Kg

Dimensions: 160x210x220 cm
